

UK *Brassica* Research Community

Annual Meeting, Tuesday May 17th, 2011

Plant and Crop Sciences Division, University of Nottingham, Sutton Bonington Campus,
Loughborough, Leicestershire LE12 5RD

Directions - www.nottingham.ac.uk/biosciences/schoolinformation/findingus.aspx

Lecture Room 3, Main Lecture Block (location 13 on campus map)

10:00	Coffee and Registration (Rushcliffe Restaurant, location 12 on campus map)	
11:00	Welcome and Introduction to Nottingham	Jerry Roberts
11:10	UK-BRC - Future Directions	Chair: Martin Broadley
11:15	General Overview, Resources and Technology Advances	Ian Bancroft
11:35	Update on <i>Brassica</i> Ensembl	Chris Love
11:45	Updates on data, databases and websites	Pierre Carion
11:55	Developments in <i>Brassica</i> genomic resources	Guy Barker
12:05	<i>Brassica</i> transformation resources	Penny Sparrow
12:15	RevGenUK <i>Brassica rapa</i> TILLING platform	Fran Robson
12:20	UK Plant Science Federation (UKPSF)	Ruth Bastow
12:35	Discussion on future UKPSF & UK-BRC interactions	
12:45	Lunch (Rushcliffe Restaurant)	
	Update talks	Chair: John Hammond
13:50	Health benefits of broccoli	Richard Mithen
13:55	Update on <i>Brassica</i> biofortification	Neil Graham
14:00	Imaging Ca and Mg in <i>Brassica rapa</i> leaves	Juan José Ríos
14:05	Improving broccoli post harvest quality	Peter Walley
14:10	Resource allocation in <i>Brassica</i>	Emma Bennett
14:15	Identification of genes underlying the Speed of Germination (SOG1) quantitative trait loci (QTL) in <i>Brassica oleracea</i>	Bill Finch-Savage
14:20	Modulating seed size in oilseed rape	Andrew Stoute
14:25	Proteomic analysis of <i>Brassica</i> meiocytes provides insights into the control of meiotic recombination	Chris Franklin
14:30	Root traits for N use efficiency in oilseed rape	John Foulkes
14:35	Dissecting QTL for WUE in <i>Brassica oleracea</i>	Andrew Thompson
14:40	Evaluating N use efficiency in oilseed rape	Charlotte White
14:45	<i>Brassica</i> root traits for resource use efficiency	John Hammond
14:50	Developing black rot resistant <i>Brassica</i> for East African farmers	Paul Hand
14:55	Optimisation of oilseed rape straw co-products for bio-alcohol production	Andrea Harper
15:00	OREGIN Diversity demonstration trials	Jackie Barker
15:05	The Vegetable Genetic Improvement Network	Graham Teakle
15:10	New <i>Noccaea</i> (and other) resources	Seosamh Ó Lochlainn
15:15	AOB, date of next meeting	
15:30	Coffee (Rushcliffe Restaurant) and Depart
